

INFORMATION FOR TRAVELING OUTSIDE OF THE UNITED STATES.

We strongly recommend that you choose more than one method of funds for travel.

Below are some helpful suggestions to assist you in preparing for a trip.

- You will need to inform the Credit Union of where and when you will be traveling, so that your Debit or Credit card can be activated for international use.
- United Local Credit Union offers VISA Travel Cards that are safe, easy, and convenient to use.
- If during your vacation, your card becomes either LOST or STOLEN contact 1-888-297-3416 **IMMEDIATELY**, so a block may be placed on your card. You can also block your card using your ULCU Online Banking Mobile App.
- Should your card be DECLINED for purchase or withdraw please contact the Credit Union or 1-800-547-2078 for assistance.
- Visa International does assess fees for foreign transactions and currency conversion at foreign ATM's. United Local Credit Union does not guarantee the conversion of foreign currency.
- Please be aware that there is an increased risk of fraud by using your card outside of the United States. United Local Credit Union does not guarantee liability of fraud if you request that your Debit or Credit card be activated for foreign transactions.
